

BUREAU OF WATER PROTECTION AND LAND USE  
OFFICE OF THE BUREAU CHIEF

FEB 03 2010

2/1/10

Mr. Paul Stacy, Bureau of Water Protection  
Department of Environmental Protection  
79 Elm St.  
Hartford, CT 06106

Dear Mr. Stacey,

Please be advised that I support the new streamflow regulations and want them completed without being weakened.

However, the draft regs have no standards for keeping Class 4 streams alive. There is no language at all saying what level of ecological health the stream must maintain. These streams are written off, and may be allowed to go dry. This must not happen.

I request that the Class 4 category be eliminated, or its regulations changed so that every stream in the state will have some level of protection

Thanks for your attention.

A handwritten signature in black ink, appearing to read "Alison Murdock". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
